

A-25-032

Rev. No.: 08

Date: 24.11.2025

**Title: A320N - CHECK OF LOOSE AND EMERGENCY EQUIPMENT****1. General information:**

*For a loose and emergency equipment check on all A320-271N/-251N, please follow up the below stated instructions.*

*In case of any findings e.g. low battery, missing safety cards and so on, please replace directly or open DD within 10 days for replacement.*

**Note:**

*The basis for this task is an AIR-OPS requirement that only applies to commercial operation. Commercial operation is not possible before the operational certification of the affected aircraft (AC).*

*That's why, the initial task accomplishment for newly phased-in AC may be postponed until entry into service but shall be accomplished before the first revenue flight.*

*This regulation ensures that all loose and emergency equipment is on board correctly installed at the beginning of commercial operation of the AC.*

**ATTENTION:**

*This repetitive inspection covers MS Task 25.60.CLH.0005 which can't get deferred.*

**References:**

*For maintenance use, please refer to OMB-10 Chapter 10.1.11 LOCATION OF EMERGENCY EQUIPMENT (LAYOUT) AND SAFETY & EMERGENCY EQUIPMENT CHECKLIST (EEC) latest Rev.*

**2. Effectivity:**

MSN	AC Reg.	Operator
